D&B (formerly Dun & Bradstreet) is a provider of business information and tools that facilitate business-to-business commerce. Many businesses use D&B's information and technology to authenticate and verify potential trading partners online. The Central Contractor Registry requires a company to have a D&B Duns before awarding any contracts. Presently, if one wants to register for SBA Programs (HUBZone, 8(a), SDB, Veteran Owned, etc) a D-U-N-S Number is required.

The D&B D-U-N-S Number is a unique nine-digit identification sequence, which provides unique identifiers of single business entities, while linking corporate family structures together. D&B links the D&B D-U-N-S Numbers of parents, subsidiaries, headquarters and branches on more than 70 million corporate family members around the world. Used by the world's most influential standards-setting organizations, it is recognized, recommended and/or required by more than 50 global, industry and trade associations, including the United Nations, the U.S. Federal Government, the Australian Government and the European Commission. In today's global economy, the D&B D-U-N-S Number has become the standard for keeping track of the world's businesses.

Any type of company can apply for a D&B DUNS Number. Please go to <https://www.dnb.com/product/eupdate/requestOptions.html> to request a D&B D-U-N-S Number for your company. If you are currently a government contractor or plan on becoming one, please visit the Central Contractor Registry (CCR) web site at www.ccr.gov to register your business.
